

**ILLINOIS DEPARTMENT OF PUBLIC HEALTH  
AIDS DRUG ASSISTANCE PROGRAM (ADAP)  
FORMULARY as of 4/1/2008**

**CATEGORY I**REVERSE TRANSCRIPTASE INHIBITORS (RTIs)

abacavir sulfate (Ziagen)  
didanosine (ddl, dideoxyinosine, Videx, Videx EC)  
emtricitabine (Emtriva, FTC)  
lamivudine (3TC, Epivir)  
stavudine (d4T, Zerit)  
tenofovir DF (Viread)  
zidovudine (AZT, azidothymidine, Retrovir)  
\*\*Combivir (Epivir and Retrovir Combination)  
\*\*Truvada (Emtriva and Viread combination)  
\*\*Epzicom (Epivir and Ziagen Combination)  
\*\*\*Trizivir (Epivir, Retrovir and Ziagen Combination)  
\*\*\*Atripla (efavirenz/emtricitabine/tenofovir)

PROTEASE INHIBITORS (PIs)

amprenavir (Agenerase), solution only  
atazanavir (Reyataz)  
darunavir (Prezista)  
fosamprenavir calcium (Lexiva)  
indinavir (Crixivan)  
lopinavir/ritonavir (Kaletra)  
nelfinavir mesylate (Viracept)  
ritonavir (Norvir)  
saquinavir mesylate (Invirase)  
tipranavir (Aptivus)

NON-NUCLEOSIDE (RTIs)

delavirdine (Rescriptor)  
efavirenz (Sustiva)  
etravirine (Intencele)  
nevirapine (Viramune)

ENTRY INHIBITOR

Maraviroc (Selzentry)

INTEGRASE INHIBITOR

Raltegravir (Isentress)

**CATEGORY II**TREATMENT and PROPHYLAXIS of PCP

atovaquone (Mepron)  
\*clindamycin HCl (Cleocin Hcl)  
dapson  
pentamidine isethionate (NebuPent, Pentam 300)  
primaquine phosphate  
trimethoprim (TMP, Proloprim, Trimpex)  
sulfamethoxazole/trimethoprim (SMZ/TMP, Bactrim,)

HEPATITIS-B TREATMENTS

entecavir (Baraclude)  
adefovir (Hepsera)  
telbivudine (Tyzeka)

**CATEGORY III**ANTIBIOTICS

\*azithromycin dihydrate (Zithromax)  
amoxicillin (Amoxil, Trimox, Wymox)  
cefexime (Suprax) suspension  
cephalexin monohydrate (Keflex)  
chlorhexidine gluconate (Peridex, PerioGard)  
\*clarithromycin (Biaxin)  
dicloxacillin sodium (Dycill, Dynapen, Pathocil)  
doxycycline hyclate (Doryx, Vibramycin, Vibra-Tabs)  
penicillin VK

ANTI-FUNGALS:

amphotericin B (Fungizone) I.V. only  
clotrimazole (Mycelex, Lotrimin)  
\*fluconazole (Diflucan)  
itraconazole (Sporanox)  
ketoconazole (Nizoral)  
miconazole (Monistat)  
nystatin (Mycostatin)  
terconazole (Terazol 3, Terazol 7)  
terbinafine (Lamasil)

ANTI-VIRALS:

acyclovir (acycloguanosine, Zovirax)  
cidofovir plus probenecid (Vistide) intravenous  
famciclovir (Famvir)  
valacyclovir hydrochloride (Valtrex)

CRYPTOSPORIDIOSIS:

paromomycin sulfate (Humatin)

MYCOBACTERIAL INFECTIONS:

\*azithromycin dihydrate (Zithromax)  
ciprofloxacin (Cipro)  
\*clarithromycin (Biaxin)  
ethambutol (Myambutol)  
isoniazid (isonicotinic acid hydrazide, INH)  
isoniazid/pyrazinamide/rifampin (Rifater)  
Levofloxacin (Levaquin)  
Pyrazinamide  
pyridoxine hydrochloride (B6)  
rifabutin (Mycobutin)  
rifampin (Rifadin, Rimactane)

ANTI-DIARRHEA or WASTING SYNDROME

dronabinol (Marinol)  
megestrol acetate (Megace)  
Lomotil  
Imodium

TOXOPLASMOSIS:

\*azithromycin dihydrate (Zithromax)  
clindamycin phosphate (Cleocin Phosphate)  
clindamycin palmitate (Cleocin pediatric granules)  
leucovorin calcium (folinic acid)  
pyrimethamine (Daraprim)  
sulfamethoxazole (Gantanol, Urobak)  
sulfadiazine

**CATEGORY IV** (Other)

Aldara (imiquimod cream)  
interferon alfa-2b (Intron A)  
danazol (Danocrine)  
multivitamins-minerals  
metronidazole, oral  
gabapentin (Neurontin)  
tinidazole (Tindamax)  
clobetasol propionate cream  
podofilox (Condylox)  
testosterone enanthate, I.M only

LIPID REGULATING

ezetimibe (Zetia)  
atorvastatin (Lipitor)  
pravastatin (Pravachol)  
fenofibrate (Tricor)

**CATEGORY V - REQUIRING PRIOR APPROVAL**

**Fuzeon** (enfuvirtide); requires an additional application; limited to a cap of 100 clients.

**Valcyte** (valganciclovir hydrochloride) oral only; Cap is limited to 35 clients concurrently.

\*Duplicate drug appears more than once.

\*\*Indicates a fixed combination of two-drugs that are considered two drugs in the 5+ drug limit;

\*\*\*Trizivir and Atripla are a three-drug combination and are considered three drugs.

See [ADAP Prescribing Guidelines](#) for quantity limits on some drugs. **All prescriptions for multi-source drugs will be filled with the lowest cost option available.**
